Coaching You Can
Count On

Paul Becque

Transformational Coach & Mindset Trainer

As a Transformation Coach, I help people take their ideas and plans from where they are today, to where they want them to be. For the past ten years, I have worked with a wide range of clients and love seeing people step out of their comfort zone, enjoy real growth and achieve the results they want and deserve.

Change requires action and consequently, my coaching goes above and beyond the usual lip-service and accountability chit-chat. I believe that exceptional service is found within the experience of lasting transformation and empowerment, which is based on effective choices, powerful decisions, and constructive behaviour. Great change does not happen overnight but you can take the right steps today.

I offer a FREE 15 minute Life Strategy call to discover the needs of potential Clients - where they see themselves today, what obstacles are preventing them from achieving their goals, and what their desired outcomes are. This initial call can prove to be valuable and if both parties feel that we are a good match, we can decide upon a programme to bridge the gap.

“10/10”

“This has easily been the best investment of my life.”

“I made more progress and consistent change than ever before.”

The coaching programme which starts with your **vision**, proceeds with **empowerment** and ends with remarkable **results**

Total Focus Workshop

Create the Future You Want for Yourself

The **Total Focus** Workshop has been designed to help eliminate the negatives in your life and give you the means to create the future you want for yourself. The workshop centres on the way you think, what you think, the way you feel, and the way you act and do not act.

Total Focus is completed over two half-day workshops. The focus is on mastering your mind and your emotions to help you think above the crowd. During the two sessions and the intervening week, you will be encouraged to contemplate various aspects of your life.

Your Personal 90-Day Challenge

This is a prelude to the climax of the seminars - the practical use of the action planning system for the **90-Day Challenge**. This will enable you to do more, be more and have more in the next 90 days than in any other 90 day period in your life.

Community

With YBI2 in place, you can absolutely achieve more in the next 12 months than you would normally achieve in 3-5 years

Classic Coaching

How to Have Your Best Year Ever

If you've ever wanted to make more progress and get more done in your life than you have any other 12-month period, then the YBI2 **Classic Programme** will help you achieve exactly that.

With Paul's coaching, you can literally transform all areas of your life in just 12 months:

- Your Career
- Your Health
- Your Relationships
- Your Finances

You owe it to yourself to grow personally, developing your life skills and having the best year of your life. The **Classic Programme** will make sure you achieve what it is you want. Imagine defining exactly what you want to achieve over the next **12 months**, setting the major goals to achieve what you want. Then, having a step-by-step plan (which Paul calls micro-steps) to get there faster than you can imagine. You will have Paul as your own private YBI2 Coach to make sure you stay focused.

As Ralph Waldo Emerson said, "Do the thing and you will have the power."

One-2-One

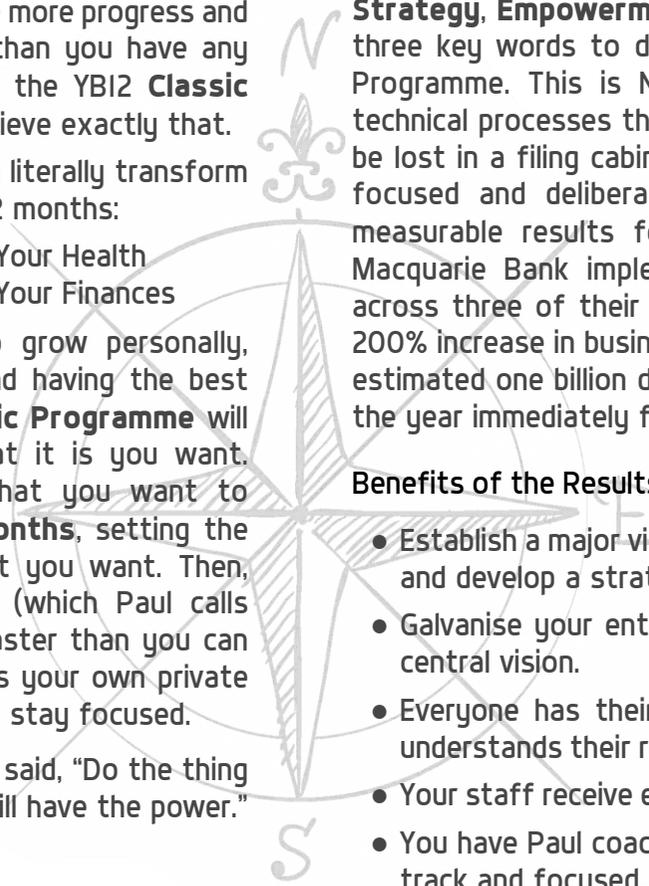

Results Programme

Create the Future You Want for Yourself

Strategy, Empowerment and **Results** are the three key words to describe the YBI2 Results Programme. This is NOT a confusing set of technical processes that are introduced only to be lost in a filing cabinet. This is an integrated, focused and deliberate approach to achieve measurable results for the **business**. When Macquarie Bank implemented the programme across three of their divisions, it resulted in a 200% increase in business! This amounted to an estimated one billion dollar increase in sales for the year immediately following the programme.

Benefits of the Results Programme for Business

- Establish a major vision for your organisation and develop a strategic plan to achieve it.
- Galvanise your entire workforce around the central vision.
- Everyone has their own individual plan and understands their role in delivering the vision.
- Your staff receive essential life skills training.
- You have Paul coaching to keep everyone on track and focused.
